Dear Customer,

Congratulations! Thank You for buying Prestige® Lifestraw® Water Purifier.

Prestige® Lifestraw® Water Purifier has been designed to provide you safe and clean drinking water so that you can protect yourself and your family against water borne diseases caused by bacteria, virus, protozoa and cysts. Its advanced Swiss Ultra Filtration technology ensures an extremely long life and hence maximum value for money. After all, it is from Prestige, a trusted name in kitchen appliances for generations in India.

Prestige® Lifestraw® is made in technical collaboration with Vestergaard Frandsen, a Switzerland based healthcare company making products that meet the world's highest standards for microbial water quality and makes safe drinking water possible for individuals, households and communities.

Your Prestige® Lifestraw® Storage Water Purifier comes with a six months warranty against any manufacturing defect. Please ensure that you post/mail your Customer Response Card within 7 days from the date of purchase to enable us to register your purchase.

Please read the instruction manual carefully, before use.

BENEFITS OF PRESTIGE ® LIFESTRAW® STORAGE WATER PURIFIER

- Compliant with stringent US-EPA standards and NSF 42 standards
- Requires No electricity
- As safe as boiled water, saves gas
- Has a capacity of 18 Liters & ensures immediate access to purified water via the 9 litre built-in safe storage container
- 3 Stage Filtration process

  Stage 1: Pre-Filter made of Non-Woven cloth to remove particulate and suspended impurities

  Stage 2: Carbon Block to remove Chlorine, sediment, volatile organic compounds, taste and odour

  Stage 3: Ultrafiltartion membrane that removes

  >99.9999% of bacteria (>6 log10 reduction)

  >99.99% of viruses (>4 log10 reduction)

  >99.99% of protozoan parasites (>4 log10 reduction)
- Removes turbidity by filtering particles larger than 0.02 microns
- Uses no chemicals for filtration
- Has extremely long life of 4500 Lt (under test conditions) & hence lowest cost per liter of water. Best value for money
- Uses raw materials which are US Food and Drug Administration compliant

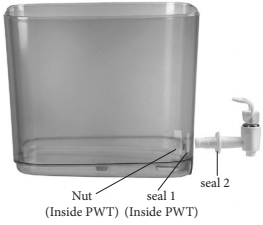
HOW TO ASSEMBLE YOUR PRESTIGE ® LIFESTRAW® STORAGE WATER PURIFIER

Your Prestige® Lifestraw® Storage Water Purifier is easy to assemble and use. Please follow the following assembly instructions carefully.

Assembling the Pure water tank

Take the Pure water tank



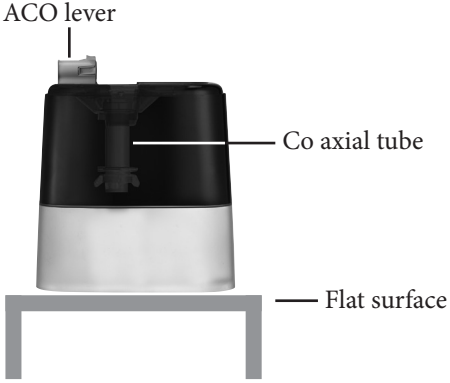
Insert the tap with 2 no. seals provided, please ensure one seal should be on the tap's side which should be visible from the outside and one seal should be put once the tap is properly inserted to the Pure water tank

Put the seal before the nut and tighten the nut by hand

Pure water tank assembly ready

Place the Pure water tank assembly on base as shown and proceed to next step

Assembling the cartidge



Push the cartridge in downward direction into the co-axial tube

Lock the cartridge by pushing the ACO lever

Assembling the water filter

Place the spacer assembly and place it on the PWT assembly as shown

After placing the spacer assembly, the product will look like this

Place the top lid. The assembly is now complete

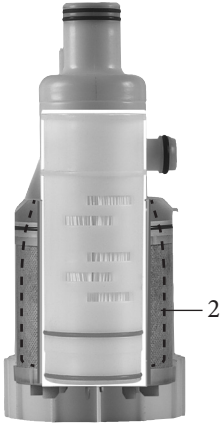
WORKING PRINCIPLE

Your Prestige® Lifestraw® Storage Water Purifier comes with advance three stage purification system,

Sediment filter

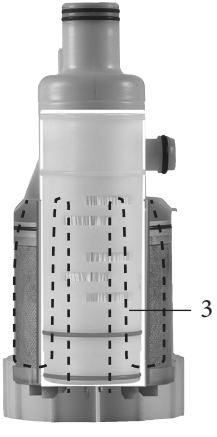
Removes particulates and suspended impurities

Activated carbon block



Removes odors and improves the taste of water

UF membrane disinfection filter



Removes bacteria, viruses and parasites to USEPA standard`s for safe drinking water

Pure water collects in the Pure water tank

HOW TO USE YOUR PRESTIGE® LIFESTRAW® STORAGE WATER PURIFIER

Your Prestige® Lifestraw® Storage Water Purifier is very easy to use

Pour the water through the sediment filter

Wait till the water filters down into the pure water tank

The water is now ready for use

HOW TO MAINTAIN YOUR PRESTIGE® LIFESTRAW® STORAGE WATER PURIFIER

Your Prestige® Lifestraw® Storage Water Purifier will require maintenance at regular intervels . Please follow the following procedure to clean and maintain your Prestige® Lifestraw® Storage Water Purifier.

WEEKLY MAINTAINANCE

1. Remove the top lid and top cover

2. Remove the prefilter from the top cover by turning it

3. Wash the prefilter, top cover and top lid under tap water

4. Put the prefilter back into the top cover and rotate it to lock it

5. Remove Dirty water tank, spacer and cartridge from the Pure water tank

6. Empty impure water from the Dirty water tank

7. Pull the lever from the cartridge

8. Pull & remove the cartridge from the spacer

9. Turn the nut clockwise to remove the DWT

10. Clean the Dirty water tank with liquid soap & tap water

11. Wipe the spacer with clean & dry cloth if needed

12. Reassemble the Dirty water tank with spacer. Install the nut and turn clockwise

13. Collect clean water from the Pure water tank into the bellow

14. Connect the bellow to the outlet of the cartridge

15. Place the cartridge with bellow on a surface

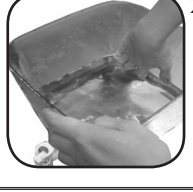
16. Squeeze the below as much as you can.

17. Turn the cartidge upside down to discard all water inside

18. Clean the outside of the cartridge with purified water (repeat step 13 to step 17 at least twice)

19. Re-assemble the cartridge with the lever and spacer

20. Collect purified water in a jug



21. Wash the Pure water tank with purified water

22. Wash Pure water tank with purified water

23. Discard all water in the Pure water tank

24. Reassemble Pure water tank, spacer and lids

Note: Before using the bellow, always clean the bellow with purified water from the purified water tank.

MONTHLY MAINTAINANCE

1. Remove the cartridge from the unit & then open the end cap

2. Hold the end of th UF cartridge and gently take the module out of its housing

3. Clean the inside of the housing with purified water

4. Twist the UF cartridge to open position where the arrows on the UF cartridge and the carbon block match each other. Then pull the UF cartridge out

5. Wash the carbon block under tap water

6. Collect purified water into the bellow

7. Put the bellow ring on top of the bellow

8. Use backwashing cap to block any one end of the carbon block

9. Insert the bellow with bellow ring into the other side of carbon block

10. Squeeze the bellow to backwash the carbon block (repeat step 6-10 at least 3 times)

11. Collect purified water into the bellow

12. Assemble the bellow ring in the UF cartridge

Monthly Maintainance

13. Connect the bellow to the bellow ring

14. Place the UF cartridge vertically on a flat surface and then squeeze the bellow (repeat step 11 - step 14 at least 3 times)

15. UF module should be washed under purified water after backwashing

16. Insert the UF cartridge into the carbon block (the arrows in the carbon block and UF cartridge should match each other)

17. Turn the UF cartridge to lock position

18. Firmly insert the module in the housing & then close the end cap

19. Clean the outside of the cartridge with purified water & then reassemble the unit

Note: Before using the bellow, always clean the bellow with purified water from the purified water tank.

DO'S AND DONT'S

Do's

1. Only use purified water in the bellow for backwashing.

2. Always follow instructions while assembling the UF cartridge.

3. Always follow the weekly and monthly maintaince schedule regularly.

7. Do not use the water if it is stored for more than 2 days.
8. Do not keep the prodcut or any parts in the direct sunlight

TECHNICAL SPECIFICATIONS

Model	Prestige® Lifestraw® Storage Water Purifier
Height	595mm
Width	335 (with Tap Lever)
Depth	270
Weight	2.75Kg
Top chamber Capacity	9 Lt
Pure Water Tank Capacity	9Lt
Material of Construction	High quality of food grade plastics
Purification Process	3 Stage: 1st Sediment filter, 2nd Carbon Block, 3rd UF Membrane
Cartridge Purification Capacity	Upto 4500 Lt (Under test conditions)
Expected cartridge Life	Upto 1 Year (Assuming a consumption of 12.5 Lt per day per family)
Performance Standards	Compliant with US EPA and NSF 42 standards

WARRANTY CARD (CUSTOMER'S COPY)

This page has to be treated as a full fledged warranty card and is required to be maintained by you. You will require to produce this card while claiming the service within the warranty period. In the unlikely event that a defect should develop in the Prestige® Lifestraw® Water Purifier during the period of this warranty, the product should be delivered at your cost to the Regional Service Centre or Authorised Service Centre along with this warranty card.

WARRANTY

Prestige (hereinafter referred to as the Company) warrants to the purchaser of "Prestige® Lifestraw® Water Purifier", {hereinafter referred to as Water Purifier} that the said Water Purifier is free from all defects in material and workmanship.

This warranty for the product is valid for a period of six months (6 months) against manufacturing defects from the date of original purchase, subject to the following terms and conditions:-

1. The warranty card is to be completed, signed by the dealer immediately on purchase.
2. The Water Purifier is only to be serviced by the Company Regional Service Centre or by its Authorised Service Centre (addresses listed in this manual).
3. The customer shall carry the Water Purifier to the nearest Company Regional Service Centre / Authorised Service Centre at his/her own cost and risk.
4. The company shall make all endeavours/attempts to carry out the Service/Replacement under this warranty at the earliest, but shall not be liable to do so within any specified time.
5. The warranty will continue and remain in force only for the unexpired period of the original warranty, in regard to the Repair/ Replacement of parts of the Water Purfier
6. The Prestige® Lifestraw® Water Purifier shall be used strictly for domestic purposes in accordance with the user's manual.
7. The Company shall not be held liable for any accident, loss or damage (direct or indirect) to person or property caused by reason of:
   a) Repairs/service attended by unauthorised service person.
   b) Overloading/misuse/abuse or/and negligence on the part of the person.
   c) Defects caused by improper/reckless use.
   d) Use of spurious spares/old, non-genuine spares.
   e) Failure to comply with any safety precaution or maintenance tip suggested by the Company.
   f) Original serial number is deleted/defaced or altered or tamperproof seal is damaged.

8. The warranty does not cover damages due to negligence, mishandling, breakage and cracks in the body.
9. The Company shall not be responsible for any special consequential damages or loss arising directly or indirectly for any delay in the performance of this warranty.
10. The Company reserves the right to retain any part or component at the Regional Service Centre/branches or Authorised Service Centre or at its workshop and shall effect Repairs/Replacement or parts or components at its sole discretion.
11. All repairs within the 6 months product warranty (arising out of manufacturing defects) will be done free of charge. Our service centres will not charge you for those specific components and labour.
12. This Warranty shall not in any case extend towards payment or any monetary consideration whatsoever, and shall be only limited to the product replacement.
13. Any complain/disputes shall be within the jurisdiction of the Courts of Bangalore.
14. The decision of the company is final in all cases of complaints.
